## WHAT IS XCEPTION ?

- **Xception** is a socio technical fest of computer science department of Ujjain engineering college .it was started with the aim to host technical and motivational lectures but ended up with 12 technical and fun competition with a cumulative promotional event and a social campaign on child empowerment with huge success. xception has witnessed the active participation of about 2000 students around the Ujjain . every year we aimed at having a new social theme and an agenda to promote the importance of technical knowledge in engineering student's life.

## SOCIAL THEME

- Xception is a social-technical fest which means it is technical cum social fest of computer science and engineering department of Government engineering college, Ujjain. Every year we opt a social theme for which the dedicate for the whole year. Child empowerment , women empowerment are our previous themes for uplifting the women in the society and empowering underprivileged children.

# Our Social Drives

## WOMEN EMPOWERMENT DRIVE

## CHILD EMPOWERMENT DRIVE

# Humane Humanity

*The greatness of humanity is not in being human,  
but in being humane.*

# OUR EVENTS

Online events

Workshops and lectures

Technical workshops related to computer science related topic like machine learning ,artificial intelligence.  
Technical personalities from renowned institutions and organizations will be organizing these workshops.

Famous bands and singer performances

Concert and cultural night

Celebrity night

Technical events

Fun events

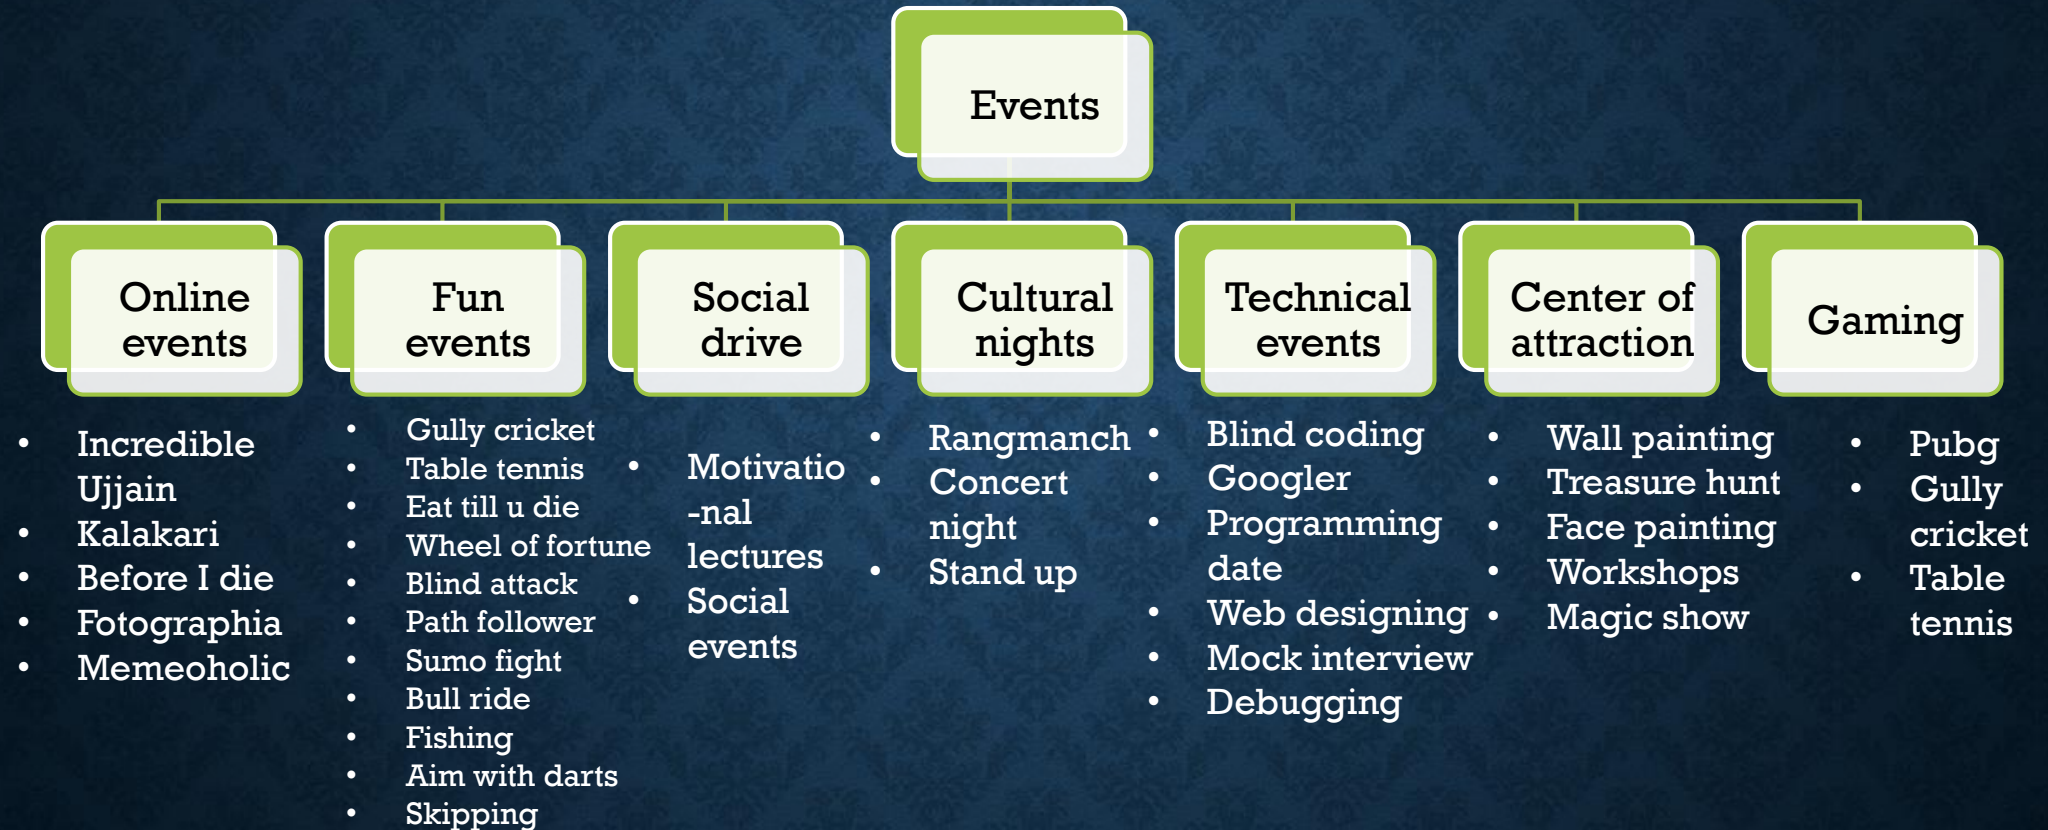

Social drives regarding humanity (social theme ) for betterment of the society . Various social workers will be involved in this act of humanity
